

Policy on Car delivery by Car Transport Carrier Truck
December 18, 2002

In order to prevent congestion on the roads of Beech Mountain Lakes the Board of directors wishes to adopt a policy regulating access of Car Transport Carrier to the development.

At no time is a car transport carrier truck to deliver or pickup a car without prior arrangements with the security office.
Arrangements for delivery/pickup shall be made by the resident no less than 72 hours prior to the delivery/pickup date.

All cars are to delivered/picked up at the front gate entrance in the parking lot adjacent to the security office.

It is the responsibility of the resident/owner to be present at the time of delivery/pickup and to arrange to get the vehicle from the front gate to the residence.

Failure to make arrangements with security will result in the car transport carrier being refused entrance to the development.

Approved 12/17/02
